

Waterproof LED Strip Series (With 2-year Warranty)

IP68 Waterproof LED Strip (Single Color)

Parameter

Control Method	Voltage (V)	Power (W/m)	LED Color	LED Qty(pcs/m)	Pixel Qty (pcs/m)
Single Color	DC24	4.8	W, WW, R, G, B etc.	60	/
	DC24	9.6	W, WW, R, G, B etc.	120	/
	DC24	11.6	W, WW, R, G, B etc.	144	/

- 5m/roll (5020±10mm), MOQ is 5m.
- LED strip can be used outdoor, underwater, underground. When LED strip is used underwater, please install the power supply away from water.
- LED strip is cuttable according to the minimum cutting unit.
- Check the installation method according to the project, 16pc of aluminum profiles for per 5m LED strip is suggested.
- LED colors can be customized (lake blue, pink, purple, etc.).

Waterproof LED Strip Series (With 2-year Warranty)

IP68 Waterproof LED Strip (Dynamic)

Parameter

Control Method	Voltage (V)	Power (W/m)	LED Color	LED Qty(pcs/m)	Pixel Qty (pcs/m)
Dynamic	DC24	4.8	W, WW, R, G, B etc.	60	10
	DC24	5.8	W, WW, R, G, B etc.	72	4
	DC24	11.6	RGB	48	4
	DC24	14.4	RGB	60	10
	DC12	7.2/9.6	RGB/RGBW	30	10
	DC24	7.2/9.6	RGB/RGBW	30	5

- 5m/roll (5020±10mm), MOQ is 5m.
- LED strip can be used outdoor, underwater, underground. When LED strip is used underwater, please install the power supply away from water.
- LED strip is cuttable according to the minimum cutting unit.
- Check the installation method according to the project, 16pc of aluminum profiles for per 5m LED strip is suggested.
- LED colors can be customized (lake blue, pink, purple, etc.).

Waterproof LED Strip Series (With 2-year Warranty)

IP68 Waterproof LED Strip (DMX512)

Parameter

Control Method	Voltage (V)	Power (W/m)	LED Color	LED Qty(pcs/m)	Pixel Qty (pcs/m)
DMX512	DC12	7.2	RGB	30	10
	DC24	7.2	RGB	30	5
	DC24	11.6	RGB	48	8

- The LED strip is widened and its performance is enhanced. It is recommended to choose this type for higher tensile and torsion requirement.
- 5m/roll (5020±10mm), MOQ is 5m.
- LED strip can be used outdoor, underwater, underground. When LED strip is used underwater, please install the power supply away from water.
- LED strip is cuttable according to the minimum cutting unit.
- Check the installation method according to the project, 16pc of aluminum profiles for per 5m LED strip is suggested.
